

2015 Admission
Tokyo Metropolitan University
Graduate School of Science and Engineering
Master's Course Enrollment of October

The following instructions represent a summary of the Japanese application booklet, which should be consulted for definitive information.

To obtain more detailed information, applicants should make contact with the Office of the Graduate School of Science and Engineering and also with the teaching staff in charge of admission in each department.

1. Admission policy

Each department defines its own admission policy for the graduate course.

2. Qualified applicants

Applicants need to have graduated from an undergraduate course of a university and hold a record of education of 16 years or more.

3. Confirmation of applicant's qualifications

Confirmation period: 2 July 2015 to 8 July 2015

Prior to the application, some categories of applicants should submit the following documents and have their qualifications confirmed. To get the details, applicants should make inquiries to the prospective supervisor or to the Office of Science and Engineering.

4. Request for the Written Examinations given in English

If applicants request the written examinations to be given in English, they should notify the Office of the Graduate School of Science and

Engineering in the following period. Actions will be taken after consultation with the applicant.
